I love Roblox, but sometimes it's hard to keep the game up and you seem to be forced to buy certain games. I think there should be a better way of getting new people in the game and not having so many bad games out there. Everyone is trying to make money off of Roblox, which is good, but I just wish that they could make more updates for the games and keep them working properly.

As of February 2021, ROBLOX has over 62 million users. [51] In 2021, ROBLOX added a new currency called "Tix". These Tix are used to buy Tickets at the store; the more you spend, the better prizes you get. These tickets can be spent on exclusive items such as Christmas hats. [52]

On May 26, 2021, a group of former Roblox moderators started a petition on change.org asking for Roblox to re-hire them after they were fired. The petition currently has over 2021 signatures and the former moderators were promised that they would be getting jobs back at Roblox if their petition reached 10,000 signatures.

The game is not very challenging. Even though there are a lot of games available on it, there isn't much in the way of difficulty. This is a big negative in my opinion - especially for older kids who love to face tough challenges such as some video games on the market now which can sometimes be really difficult and where you have to wait for many hours in order to even pass the game. This might be a problem if you are playing with smaller children - some games on roblox are known to last for days or weeks before they finish. My 6 year old absolutely loves roblox and games like this are great for that age group. If you're looking to play with kids older than that then I'd suggest looking at something else. There is some violence in the game, but nothing major (for example you can only fight by swinging a sword or shooting a gun, rather than hand to hand fighting) and it's all in

the context of a game. Overall we love it and it was worth the money!

Users also have access to a vast selection of blocks in which they are able to build with. Some users may download free or paid objects from the Marketplace. Once bought, users are free to add new elements and edit them however they wish without paying anything else. Additionally, users have the option to buy premium blocks from the marketplace and be able to edit them more.

People on ROBLOX are sometimes known to come up with their own language called "Robloxian", which is basically like a mix between English and gibberish. It is not really considered its own language because it's too simple and doesn't have any official dialects or countries.
